Your account details, including Registrations, vehicle classes and tag numbers if applicable, reflect our records at the time we sent you the statement.

Details may have changed during the statement period, for example, you updated your account to add or remove vehicles and tags if applicable. This statement can't be used as evidence of any vehicle or detail registration during the statement period.

When you add a vehicle to your account, you also choose a vehicle classification. If we determine at the time of travel that your selected vehicle classification is incorrect, charges will be updated and reflected correctly on your statement.

Important information about Video Matching Fees (VMF). If you travel with a tag and are still being charged these fees, check your tag is installed and beeping correctly. Order new or replacement tags online at linkt.com.au/myaccount. Video Matching Fees apply for travel on toll roads in Australia, but the amount charged varies depending on the road you travel on.

Start and finish times refer to the time you pass a toll point and are charged. Your start and finish time will be the same if you only passed one toll point in a trip.

If you notice a discrepancy on your statement, please let us know within 90 days of the statement date.
